Presidential Message

Dear colleagues and clinic owners:

It's that time of year again to renew our license. The Board staff has been very busy with the renewal process but we still are seeing a large percentage of licensee's who are waiting until the last minute to begin the process. We have had several licensee's who are reluctant to use the online renewal process because they are unfamiliar with transactions via internet. If you need assistance, please contact the Board Office and the staff will be more than happy to aid you in this process.

We continue to have Doctors who take seminars for CCE credits that have not been approved in Alabama. This can create a severe problem for the licensee. The process for approval

of a seminar can take several weeks, so if you try to obtain approval after taking the seminar, it may not be approved in time for the credit to be counted. The best advice is to check to make sure the seminar is approved for CCE in Alabama and complete the course well before the deadline. We had a few Doctors who took unapproved seminars at year end last year. This resulted in their not having the required hours to renew and this is a situation that no one wishes to find themselves in because your license will lapse and you will have to go through the reinstatement process thus not being able to practice until completed.

Sometimes there are disciplinary

NON RENEW LIST

Please see website for list of licensees who have not completed the renewal process.

If your name is on the list please contact the Board immediately regarding license renewal.

cases where the Doctor is not represented by counsel. The Notice of charges informs the Doctor in bold print of the right to counsel. While the choice is yours to make, it is strongly suggested that you seek legal advise and representation. No adverse inference is drawn from having counsel. Since the hearing process involves issues which are legal in nature, assistance of legal counsel will help you better understand the nature of the proceedings and should result in better preparation in connection with answering the charges and advancing your position or defense.

In closing please contact your Congressman and Senators regarding the National Healthcare issue to encourage inclusion of fair access for all patients for Chiropractic Services.

Brian Wells, D.C.

Condolences

Dr. William R. Chadwick. Dr. Chadwick graduated Logan College of Chiropractic in 1962 and received his Alabama license June 30, 1964. Dr. Chadwick lived and practiced in Clanton. The Board and staff send condolences to the family and friends of Dr. Chadwick.

OUR MISSION

To regulate and license doctors of chiropractic in order to protect the people of Alabama.

OUR VISION

To ensure the people of Alabama will receive professional, ethical and quality care in utilizing chiropractic services to maximize health benefits.

OUR VALUES

Excellence, integrity, communication and ethics.
